Professional Edition vs. Enterprise Edition

SmarterStats Professional Edition has all of the features you need in a complete Web log analytics and SEO solution. SmarterStats Enterprise Edition offers additional features, including:

- Measures websites on Windows and/or Linux servers
- Custom and emailed reports
- Up to 30,000 websites
- Reports across distributed networks on a virtually unlimited number of servers
- Automated diagnostics
- Propagation of settings across distributed networks

Which Edition is Right for Me?

To determine which edition of SmarterStats is right for your environment, answer the following questions:

- Are your sites hosted on more than one device?
- Will you be expanding your number of devices and/or sites?
- Do you require custom reporting?
- Are you going to report on more than 2,500 websites?
- Do you want to have reports distributed automatically via email to selected addresses?
- Will your environment benefit from automated diagnostics to enhance up-time performance?

If your response to any of the questions above was **"Yes,"** then SmarterStats Enterprise Edition may be right for you.

For further assistance choosing the right edition, please contact the SmarterTools Sales Department via Live Chat, email sales@smartertools.com, or call us toll-free at 1-877-35-SMART.

You can also refer to the following edition comparison chart for more information about each edition.

¹ SmarterStats Free Edition contains much of the same functionality as SmarterStats Enterprise Edition, but is limited to a single site and the number of SEO keywords and competitors tracked in SEO campaigns is limited to a maximum of 10 keywords and 10 competitors. This is to give you an opportunity to try all of the features out before making a decision on what product to purchase.
